AUTHORITY: Implementing Title II, Subtitle A of the Americans with Disabilities Act of 1990 (42 U.S.C. 12131-12134), as specified in Title II regulations (28 CFR 35.107), and authorized by Section 102.4 of the "Illinois Public Community College Act" (Ill. Rev. Stat. 1991, ch. 122, par. 102-4).

SOURCE: Adopted at 16 Ill. Reg. _____, effective _____.

Section 1050.10 Purpose

- a) This Americans with Disabilities Act Grievance Procedure ("Procedure") is established pursuant to the Americans with Disabilities Act of 1990, 42 USC Section 12101 ("ADA") and specifically Section 35.107 of the Title II regulations, 28 CFR Part 35, requiring that a grievance procedure be established to resolve grievances asserted by qualified individuals with disabilities. Should any individual desire to review the ADA or its regulations to understand the rights, privileges, and remedies afforded by it, please contact the Designated Coordinator.

- b) In general, the ADA requires that each program, service, and activity offered by the Board, when viewed in its entirety, be readily accessible to and usable by a qualified individual with disabilities.

ILLINOIS COMMUNITY COLLEGE BOARD

NOTICE OF PROPOSED RULES

- c) It is the intention of the Board to foster open communications with all individuals requesting readily accessible programs, services, and activities. The Board encourages supervisors of programs, services, and activities to respond to requests for modifications before they become a grievance.

Section 1050.20 Definitions

"Board" is the Illinois Community College Board.

"Grievance" is any complaint under the ADA by an individual with a disability who meets the essential eligibility requirements for participation in or receipt of the benefits of a program, activity, or service offered by the Board, and believes he or she has been excluded from participation in, or denied the benefits of any program, service, or activity of the Board or has been subject to discrimination by the Board.

"Complainant" is an individual with a disability who files a Grievance Form provided by the Board under this procedure.

"Designated Coordinator" is the person appointed by the Executive Director who is responsible for the coordination of efforts of the Board to comply with and carry out its responsibilities under Title II of the ADA including investigation of grievances filed by complainants. See 28 CFR 35.107.

Section 1050.30 Procedure

- a) Grievances must be submitted through the channels defined below in the form described and within the specified time limits. It is mutually desirable and beneficial that grievances be satisfactorily resolved in a prompt manner. Time limits established in this procedure are in calendar days, unless otherwise stated, and may be extended by mutual agreement in writing by the complainant and the reviewer at the Designated Coordinator and Final Levels.
- b) A complainant's failure to submit a grievance, or to submit or appeal it to the next level of procedure within the specified time limits shall mean that the complainant has withdrawn the grievance or has accepted the last response given in the grievance procedures as the Board's last response.

ILLINOIS COMMUNITY COLLEGE BOARD

NOTICE OF PROPOSED RULES

- c) The Board shall, upon being informed of the individual's desire to file a formal grievance, instruct the individual how to receive a copy of the Grievance Form.

Section 1050.40 Designated Coordinator Level

- a) If an individual desires to file a formal written grievance, the individual shall promptly, but no later than 180 days after the alleged discrimination, submit the grievance to the Designated Coordinator in writing on the Grievance Form prescribed for that purpose. The Grievance Form must be completed in full in order to receive proper consideration by the Designated Coordinator.
- b) Upon request, assistance shall be provided by the Board to complete the Grievance Form.
- c) The Designated Coordinator, or his or her representative, shall investigate the grievance and shall make reasonable efforts to resolve it. The Designated Coordinator shall provide a written response to the complainant and the Executive Director within 10 business days after receipt of the Grievance Form.

Section 1050.50 Final Level

- a) If the grievance has not been resolved at the Designated Coordinator Level to the satisfaction of the complainant, the complainant may submit a copy of the Grievance Form and Designated Coordinator's response to the Executive Director of the Board for final review. The complainant shall submit these documents to the Executive Director, together with a short written statement explaining the reasons for dissatisfaction with the Designated Coordinator's written response, within five business days after receipt by the complainant of the Designated Coordinator's response.
- b) The Executive Director shall appoint a three-member panel to review the grievance at the Final Level. One member so appointed shall be the designated chairperson.
- c) The complainant shall be afforded an opportunity to appear before the panel and shall have a right to appoint a representative to appear on his or her behalf. The panel shall review the Designated Coordinator's written response and may conduct interviews and seek advice as it deems appropriate.

ILLINOIS COMMUNITY COLLEGE BOARD

NOTICE OF PROPOSED RULES

- d) Upon reaching concurrence, the panel shall make a recommendation in writing to the Executive Director as to the proper resolution of the grievance. All such recommendations shall include reasons for the recommendations and shall bear the signatures of the concurring panel members. A dissenting member of the panel may make a signed recommendation to the Executive Director.
- e) Upon receipt of recommendations from the panel, the Executive Director shall approve, disapprove, or modify the panel recommendations; shall render a decision thereon in writing; shall state the basis therefore; and shall cause a copy of the decision to be served on the parties. The Executive Director's decision shall be final. If the Executive Director disapproves or modifies the panel recommendations, he or she shall include written reasons for such disapproval or modification.
- f) The Grievance Form, the Designated Coordinator's response, the statement of reasons for dissatisfaction, the recommendations of the panel, and the decision of the Executive Director shall be maintained for a period of three years.

Section 1050.60 Accessibility

The Board shall ensure that all stages of the procedure are accessible to and usable by individuals with disabilities.

Section 1050.70 Case-by-Case Resolution

Each grievance involves a unique set of factors. Accordingly, termination of a grievance at any level, whether through the granting of relief or otherwise, shall not constitute a precedent on which any other complainants should rely.

DEPARTMENT OF PUBLIC AID

NOTICE OF PROPOSED AMENDMENTS

- 1) Heading of the Part: Medical Payment
- 2) Code Citation: 89 Ill. Adm. Code 140
- 3) Section Number: 140.511
Proposed Action: Amendment
- 4) Statutory Authority: Section 12-13 of the Illinois Public Aid Code (Ill. Rev. Stat. 1991, ch. 23, pars. 12-13)
- 5) Complete Description of the Subjects and Issues Involved: These proposed amendments provide clarifications regarding coverage of costs by the Department, for services and routine supplies and equipment provided in nursing facilities. The current rule specifies that certain services are to be available in nursing facilities with no additional charges. According to the proposed amendments, over-the-counter drugs and items ordered by a physician are also to be provided without additional charge. These revisions are necessary because some nursing facilities are sending receipts for drugs and other physician ordered items to Department Local Offices, with the request for such costs to be deducted from the total non-exempt monthly incomes of the clients involved.
- The policy of the Bureau of Long Term Quality Care has been that facilities are responsible for over-the-counter drugs and other items ordered by physicians, in order to meet clients' needs. When the costs of such supplies are deducted from a client's income, the Department becomes the indirect payor since the client's income amount applied to the cost of care is reduced.
- The costs of supplies for which nursing facilities are responsible can be reported to the Department in the facility's cost report and compensatory reimbursement adjustments can then be made to protect facilities from harm.
- Subsection f) is being updated to reflect the new title of the administrative code of the Illinois Department of Public Health, which pertains to nursing facilities.
- These proposed amendments are not expected to result in additional expenditures by the Department.
- 6) Will these proposed amendments replace emergency amendments currently in effect? No
- 7) Does this rulemaking contain an automatic repeal date? No
- 8) Do these proposed amendments contain incorporations by reference? No

NOTICE OF PROPOSED AMENDMENTS

5) A Complete Description of the Subjects and Issues Involved:

Through this emergency rulemaking, the Illinois Department of Public Health amends various sections of the Illinois Formulary for the Drug Product Selection Program. Several new generic entities have also been concurrently included. These changes have been recommended by the Technical Advisory Council for the Drug Product Selection Program and have been published in the Thirteenth Edition, Second Supplement of the Illinois Formulary.

This rulemaking will allow consumers and third party fiscal intermediaries (including the Department of Public Aid) to save money when purchasing or reimbursing prescription drug products. Drug purchases made by the Department of Corrections and the Department of Mental Health and Developmental Disabilities may also experience some savings. Pharmacies may have increased sales of generic drug products as approved in the Illinois Formulary.

6) Will this Rulemaking Replace an Emergency Rule Currently in Effect? Yes.

7) Does this Rulemaking Contain an Automatic Repeal Date? No.

8) Does this Rulemaking Contain Any Incorporations By Reference? No.

9) Are there any other Proposed Amendments Pending on this Part? No.

10) Statement of Statewide Policy Objectives:

This proposed rulemaking neither creates nor expands a State mandate.

11) Time, Place, and Manner in which Interested Persons May Comment on this Rulemaking:

Interested persons may present their comments concerning these rules by writing to Ms. Gail DeVito, Division of Governmental Affairs, Illinois Department of Public Health, 535 West Jefferson, Fifth Floor, Springfield, Illinois 62761 within 45 days after this issue of the Illinois Register.

These rules may have an impact on small businesses. In accordance with Sections 3.01 and 4.03 of the Illinois Administrative Procedure Act, any small business may present their comments in writing to Gail DeVito at the above address.

DEPARTMENT OF PUBLIC HEALTH

NOTICE OF PROPOSED AMENDMENTS

Any small business (as defined in Section 3.10 of the Illinois Administrative Procedure Act) commenting on these rules shall indicate their status as such, in writing, in their comments.

5) A Complete Description of the Subjects and Issues Involved:

The rules in Part 350 govern the licensure of intermediate care facilities for the developmentally disabled. The Department is amending its rules in response to a petition for rulemaking submitted by the Illinois Health Care Association (Association) pursuant to Section 5-145 of the Illinois Administrative Procedure Act (Ill. Rev. Stat. 1991, ch. 127, pars. 1001-1 et seq.) and the Department's rules entitled "Public Information, Rulemaking, and Organization Code" (77 Ill. Adm. Code 1125). The Association requested that the Department amend Section 350.640 (Contract Between Resident and Facility) to state that the contract may provide that the charges for services may be changed with thirty days advance written notice to the resident or the person executing the contract on behalf of the resident. The written notice will become an addendum to the contract.

The economic effect of this rulemaking is unknown. Therefore, the Department requests any information that would assist in calculating this effect.

The Department anticipates adoption of this rulemaking approximately six to nine months after the publication of the notice in the Illinois Register.

- 4) Statutory Authority:

Implementing and authorized by the Residential Mortgage License Act of 1987 (Ill. Rev. Stat. 1991, ch. 17, par. 2324-1(g)).

- 5) A Complete Description of the Subjects and Issues Involved:

The rules in this Part implement the Residential Mortgage License Act of 1987 (Ill. Rev. Stat. 1991, ch. 17, pars. 2321-1 et seq.) which creates a thorough regulatory structure and consumer protection provision that recognizes the growing complexity and volume of mortgage banking in Illinois.

These amendments represent the culmination of a comprehensive review by the Agency with changes which occurred from the Governor's signing P.A. 87-1098, effective September 15, 1992.

The proposed changes include the following:

450.135 Document: Consistent with Section 1-2, 4-1(g), and 6-2(2) of the Act.

450.145 First Tier Subsidiary: Consistent with Section 1-2, 1-4(ee), 4-1(g), and 4-10 of the Act.

COMMISSIONER OF SAVINGS AND LOAN ASSOCIATIONS

NOTICE OF PROPOSED AMENDMENTS

450.160 Material: Consistent with Section 1-2, 4-1(g), and 6-2(2) of the Act.

450.165 Other Regulatory Agencies: Consistent with Section 4-2(e) of the Act.

450.175 Principal Place of Business: Consistent with amendment to Section 1-4(d)(1)(ix) of the Act.

450.210 License Investigation Fees;
450.220 License Fees; and
450.260 Additional Full-Service Office Fees:

Sections 450.210, 450.220, and 450.260 have been amended because of the amendment to the licensing cycle in Section 2-6(a) of the Act. Fee increases will be used to offset increased investigatory costs due to the greater necessity for verification of information submitted in association with the two year cycle.

450.410

Net Worth: Some items that now must be included as assets in the calculation of licensee net worth are of insufficient quality. Allowing a net worth amount to be based, in whole or in part, on these assets undermines the purposes of the net worth requirement. Among the purposes of the net worth requirement are that: it requires the licensee to maintain an interest in the business so as to reduce unwarranted risk-taking; it acts as a buffer against losses and thus forestalls insolvency; and it acts as a source of funds from which to pay judgments, fees, fines, and reimbursements. These purposes all foster protection of the consumer and adoption of responsible business practices. Consequently, undermining the purposes of the net worth requirement results in undermining of the consumer protection and legitimate and responsible business practices purposes of the Act.

450.425

Examination Frequency: The staggered examination frequency is necessary to better utilize the scarce resources of the examiners. Those licensees having a higher rating would necessitate a longer examination frequency and would enable the examiners to spend more time with those licensees with a larger number of compliance violations or a compliance violation of a more significant nature.

COMMISSIONER OF SAVINGS AND LOAN ASSOCIATIONS

NOTICE OF PROPOSED AMENDMENTS

450.940 Requirements: Consistent with amendment adding new Section 3-10 of the Act.

450.1020 Loan Brokerage Disclosure Statement: Consistent with amendment adding new Section 3-10 of the Act.

450.1335 Fees and Charges Prior to Closing: The proposed revision to subsection 450.1335(a)(2)(E)(ii) is because Federal Reg. Z provides that when borrower exercises right of rescission, all costs collected in connection with the loan must be refunded (including those for appraisal, credit check, etc.). The proposed deletion is wording which was added at the request of the industry, following emergency filing and prior to adoption of final rule.

7) Does this rulemaking contain an automatic repeal date?

Yes ☐ No ☒

8) Do these Proposed Amendments contain incorporations by reference? No

NOTICE OF PROPOSED AMENDMENTS

The Agency will consider all written comments it receives within 45 days of the date of publication of this Illinois Register.

12) Initial Regulatory Flexibility Analysis:

- A) Date rule was submitted to the Business Assistance Office of the Department of Commerce and Community Affairs:
- B) Types of small business affected: Entities engaged in residential real estate mortgage lending activities as described in the Residential Mortgage License Act of 1987. The entities include those engaged, for a fee, in soliciting, brokering, originating, funding or servicing loans secured by mortgages on residential real estate.
- C) Reporting, bookkeeping or other procedures required for compliance: The amendments do not require additional recordkeeping and disclosures.
- D) Types of professional skills necessary for compliance: The proposed amendments do not require additional professional skills for compliance. The present Act and Rules have created uniform procedures for residential mortgage lending that require a level of professional and ethical business practices that are commensurate with those of other regulated entities in the financial services industry engaged in residential mortgage lending.

COMMISSIONER OF BANKS AND TRUST COMPANIES

NOTICE OF ADOPTED AMENDMENT

- 15) Summary and Purpose of Rules: Section 8-100 of the Electronic Fund Transfer Transmission Facility Act, Ill. Rev. Stat. 1991, ch. 17, par. 1337, requires that a notice of the establishment of a point-of-sale terminal be filed with the Commissioner detailing the location and identification of the person establishing the terminal. Part 310.710 was adopted in 1984 and amended in 1988 to specify the contents of such notice and to require 45 days prior notification. It has since been determined that the notice requirements of Section 8-100 of the Act are satisfied with the quarterly and annual reports that funds transfer corporations and proprietary networks are required to file with the Commissioner. Therefore, Part 310.710 creates an unnecessary regulatory burden and is no longer deemed necessary by the Commissioner. The proposed amendment will eliminate the unnecessary and excessive filings that would be required under the present regulation and permit the efficient placement of debit point-of-sale terminals throughout this state.

Commissioner of Banks and Trust Companies

- 3) If equipment is acquired by gift or any other means other than by purchase, the value of the equipment shall be reported as its purchase price.
- f) Object Code
- 1) All equipment must have the object codes recorded on inventory reports.

a) With the adoption of rules by the FCC (47 C.F.R. 64.704) concerning the unblocking of access, the Commission finds that the schedule set by the FCC for the unblocking of access to the interstate telecommunications network dictates the technical feasibility for the unblocking of all telephones subject to the intrastate jurisdiction of the Commission.

The Illinois Development Finance Authority shall ensure that all stages of the Procedure are readily accessible to and usable by individuals with disabilities.

Section 950.70 Case-By-Case Resolution

Each grievance involves a unique set of factors that includes but is not limited to: the specific nature of the disability; the essential eligibility requirements, the benefits to be derived, and the nature of the service, program or activity at issue; the health and safety of others; and whether an accommodation would constitute a fundamental alteration to the program, service or activity or undue hardship on the Illinois Development Finance Authority. Accordingly, termination of a grievance at any level, whether through the granting of relief or otherwise, shall not constitute a precedent on which any other complainants should rely.

- 5) Effective Date of Amendments: November 6, 1992

- 6) Does this rulemaking contain an automatic repeal date?: No.

- 7) Does this amendment contain incorporations by reference?

Yes. Section 720.111 incorporates rules and regulations of agencies of the United States, and rules, regulations, standards or guidelines of nationally recognized organizations and associations, and guidelines or standards of agencies of the United States. Section 22.4(a) of the Environmental Protection Act provides that this matter is not subject to first notice or to second notice review by JCAR.

Section 22.4(a) of the Environmental Protection Act provides that this matter is not subject to first notice or to second notice review by JCAR.

- 11) Difference(s) between proposal and final version:

There are three types of differences between the proposal and final version. The first is correction of a "base text error" ("BTE"), in which the pre-existing language shown in the proposal did not conform with the official language in the text on file with the Administrative Code Division. BTEs usually occur in text which is not otherwise subject to revision. Because they must be corrected without striking

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

and underlining, BTEs are difficult to see in the text. They are of concern to persons who may have input the proposed text, and are now revising it to conform with the adopted text. Since the base text for part of the proposal was derived from the Environmental Protection Agency's base text used for its printed version of the rules, BTEs may also exist in other versions derived from that base text.

The second type of difference is an "error in the base text" ("EBT"), in which base text contained an error which was also present in the official text on file. EBTs usually occur in text which was not initially proposed for revision. EBT corrections, however, are shown with striking and underlining. Although most of these "errors" are revisions to conform with recent Code Division format requirements, some are revisions of incorrect language in the base text.

The third type of difference is a revision to the proposed language itself ("RPL"). These revisions are shown with respect to the base text. Where the revision is within a block of text which was underlined in the proposal, the new language simply replaces the proposed language within the block, without any marking to show that it is new with respect to the proposal. These are therefore difficult to locate. Some RPLs represent substantive changes to the proposal. They are also of concern to persons who input the proposed text.

| 720.110 | RPL: "qualified groundwater scientist" includes certification by the National Ground Water Association. |
| 720.111 | EBT: in ASTM D93-85, "Tester, approved"

EBT: in NTIS, periods added after several entries. |
- 12) Have all the changes agreed upon by the Agency and JCAR been made as indicated in the agreement letter issued by JCAR?
- Section 22.4(a) of the Environmental Protection Act provides that this matter is not subject to first notice or to second notice review by JCAR.
- 13) Will this rule (amendments, repealer) replace an emergency rule currently in effect? No.

NOTICE OF ADOPTED AMENDMENTS

- 14) Are there any amendments pending on this part? Yes, in R92-10:

<u>Section Numbers</u>	<u>Proposed Action</u>	<u>Illinois Register Citation</u>
720.110	Amendment	November 6, 1992; 16 Ill. Reg. 16776
720.111	Amendment	November 6, 1992; 16 Ill. Reg. 16776

- 15) Summary and Purpose of Rule(s):

The Board adopted an Opinion and Order in this matter, R92-1, on September 17, 1992. A copy of the Opinion is available from the address below.

Section 22.4(a) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111 1/2, par. 1022.4(a)) requires the Board to adopt regulations which are "identical in substance" to regulations adopted by USEPA to implement Sections 3001 through 3005 of the Resource Conservation and Recovery Act. The USEPA regulations, which deal with hazardous waste, are found at 40 CFR 260 through 270. The equivalent Board regulations are in 35 Ill. Adm. Code 702, 703, 705 and 720 through 728.

The term "identical in substance" is defined in Section 7.2 of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111 1/2, par. 1007.2). Section 22.4(a) of the Act provides that Section 5 of the Administrative Procedure Act does not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JCAR.

This rulemaking updates the Board's hazardous waste regulations to correspond with USEPA amendments appearing in the Federal Register during the period July 1 through December 31, 1991.

<u>Section</u>	<u>Discussion</u>
720.110	Adds a definition of "qualified groundwater scientist", which is used in connection with 35 Ill. Adm. Code 725. This includes certification by the National Ground Water Association.

When used in 35 Ill. Adm. Code 720 through 726 and 728 only, the following terms have the meanings given below:

"Aboveground tank" means a device meeting the definition of "tank" that is situated in such a way that the entire surface area of the tank is completely above the plane of the adjacent surrounding surface and the entire surface area of the tank (including the tank bottom) is able to be visually inspected.

"Act" or "RCRA" means the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. 6901 et seq.)

"Active life" of a facility means the period from the initial receipt of hazardous waste at the facility until the Agency receives certification of final closure.

"Active portion" means that portion of a facility where treatment, storage or disposal operations are being or have been conducted after May 19, 1980, and which is not a closed portion. (See also "closed portion" and "inactive portion".)

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

"Agency" means the Illinois Environmental Protection Agency.

"Ancillary equipment" means any device including, but not limited to, such devices as piping, fittings, flanges, valves and pumps, that is used to distribute, meter or control the flow of hazardous waste from its point of generation to storage or treatment tank(s), between hazardous waste storage and treatment tanks to a point of disposal onsite, or to a point of shipment for disposal off-site.

"Aquifer" means a geologic formation, group of formations or part of a formation capable of yielding a significant amount of groundwater to wells or springs.

The unit must have physical provisions for recovering and exporting thermal energy in the form of steam, heated fluids or heated gases; and the unit's combustion chamber and primary energy recovery section(s) must be of integral design. To be of integral design, the combustion chamber and the primary energy recovery section(s) (such as waterwalls and superheaters) must be physically formed into one manufactured or assembled unit. A unit in which the combustion chamber and the primary energy recovery section(s) are joined only by ducts or connections carrying flue gas is not integrally designed; however, secondary energy recovery equipment (such as economizers or air preheaters) need not be physically formed into the same unit as the combustion chamber and the primary energy recovery section. The following units are not precluded from being boilers solely because they are not of integral design: process heaters (units that transfer energy directly to a process stream), and fluidized bed combustion

units; and

While in operation, the unit must maintain a thermal energy recovery efficiency of at least 60 percent, calculated in terms of the recovered energy compared with the thermal value of the fuel; and

The unit must export and utilize at least 75 percent of the recovered energy, calculated on an annual basis. In this calculation, no credit shall be given for recovered heat used internally in the same unit. (Examples of internal use are the preheating of fuel or combustion air, and the driving of induced or forced draft fans or feedwater pumps); or

The unit is one which the Board has determined, on a case-by-case basis, to be a boiler, after considering the standards in Section 720.132.

"On-site" means the same or geographically contiguous property which may be divided by public or private right-of-way, provided the entrance and exit between the properties is at a crossroads intersection and access is by crossing as opposed to going along the right-of-way. Noncontiguous properties owned by the same person but connected by a right-of-way which he controls and to which the public does not have access is also considered on-site property.

Heading of the Part: IDENTIFICATION AND LISTING OF HAZARDOUS WASTE

Code Citation: 35 Ill. Adm. Code 721

Section Numbers: 721.122 Adopted Action: Amendment

Statutory Authority: Ill. Rev. Stat. 1991, ch. 111, pars. 1022.4 and 1027.

Effective Date of Amendments: November 6, 1992

Does this rulemaking contain an automatic repeal date?: No.

Does this amendment contain incorporations by reference? No.

Date Filed in Agency's Principal Office: September 17, 1992

Notice(s) of Proposal Published in Illinois Register: June 19, 1992; 16 Ill. Reg. 9330

Has JCAR issued a Statement of Objections to this (these) Rule(s)?

Section 22.4(a) of the Environmental Protection Act provides that this matter is not subject to first notice or to second notice review by JCAR.

Difference(s) between proposal and final version:

There are three types of differences between the proposal and final version. The first is correction of a "base text error" ("BTE"), in which the pre-existing language shown in the proposal did not conform with the official language in the text on file with the Administrative Code Division. BTEs usually occur in text which is not otherwise subject to revision. BTEs are corrected without striking and underlining.

The second type of difference is an "error in the base text" ("EBT"), in which base text contained an error which was present in the official text on file. EBTs also usually occur in text which was not initially proposed for revision. EBT corrections, however, are shown with striking and underlining.

The third type of difference is a revision to the proposed

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

language itself ("RPL"). These revisions are shown with respect to the base text. Where the revision is within a block of text which was underlined in the proposal, the new language simply replaces the proposed language within the block, without any marking to show that it is new with respect to the proposal.

Section	Difference
721.122	RPL: Proposed test method for solid phase wastes dropped. Note added referencing USEPA discussions of applicability of corrosivity test to non-liquid wastes.

- 12) Have all the changes agreed upon by the Agency and JC&R been made as indicated in the agreement letter issued by JC&R?

Section 22.4(a) of the Environmental Protection Act provides that this matter is not subject to first notice or to second notice review by JC&R.

- 13) Will this rule (amendments, repealer) replace an emergency rule currently in effect? No.

- 14) Are there any amendments pending on this Part? Yes, in R92-10:

Section Numbers	Proposed Action	Illinois Register Citation
721.103	Amendment	November 6, 1992; 16 Ill. Reg. 16801
721.104	Amendment	November 6, 1992; 16 Ill. Reg. 16801
721.111	Amendment	November 6, 1992; 16 Ill. Reg. 16801

- 15) Summary and Purpose of Rule(s):

The Board adopted an Opinion and Order in this matter, R92-1, on September 17, 1992. A copy of the Opinion is available from the address below.

Section 22.4(a) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111 1/2. par. 1022.4(a)) requires the Board to adopt regulations which are "identical in substance" to regulations adopted by USEPA to implement Sections 3001 through 3005 of the Resource Conservation and

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

Recovery Act. The USEPA regulations, which deal with hazardous waste, are found at 40 CFR 260 through 270. The equivalent Board regulations are in 35 Ill. Adm. Code 702, 703, 705 and 720 through 728.

The term "identical in substance" is defined in Section 7.2 of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111 1/2. par. 1007.2). Section 22.4(a) of the Act provides that Section 5 of the Administrative Procedure Act does not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JC&R.

This rulemaking updates the Board's hazardous waste regulations to correspond with USEPA amendments appearing in the Federal Register during the period July 1 through December 31, 1991. However, USEPA made no amendments to 40 CFR 261 during this update period. The amendments to this Part relate to correction of an apparent ambiguity in Section 721.122, the definition of the characteristic of corrosivity, noted by a public commenter in R91-13.

The question concerns wastes which are not liquids. According to the comment, there is no method specified in the references to measure corrosivity for non-liquids. The comment indicated that the "customary practice" in Illinois is to make a 10% solution or slurry of the waste with water, and measure the pH of the solution or slurry. The comment asked that the Board modify the Section to establish a uniform practice for Illinois.

The Board proposed to update several references to the current edition of SW-846 and proposed a test for non-liquid wastes. The Board has dropped the proposed test, and has instead referenced two USEPA discussions of the applicability of the corrosivity test to non-liquids.

SUBPART C: CHARACTERISTICS OF HAZARDOUS WASTE

Section 721.122 Characteristic of Corrosivity

a) A solid waste exhibits the characteristic of corrosivity if a representative sample of the waste has either of the following properties:

- 1) It is aqueous and has a pH less than or equal to 2 or greater than or equal to 12.5, as determined by a pH meter using either an EPA test method or an equivalent test method (35 Ill. Adm. Code 720.121). The EPA test methods for pH ~~is~~ are specified as ~~Method 5-2~~ Methods 9040, 9041 or 9045 in "Test Methods for the Evaluation of Solid Waste, Physical/Chemical Methods", incorporated by reference in 35 Ill. Adm. Code 720.111.

- 2) It is a liquid and corrodes steel (SAE 1020) at a rate greater than 6.35 mm (0.250 inch) per year at a test temperature of 55° C (130° F) as determined by the test method specified in NACE (National Association of Corrosion Engineers) Standard TM-01-69 as standardized in "Test Methods for the Evaluation of Solid Waste, Physical/Chemical Methods", incorporated by reference in 35 Ill. Adm. Code 720.111, or an equivalent test method (35 Ill. Adm. Code 720.121).

BOARD NOTE: The corrosivity characteristic determination currently does not apply to non-liquid wastes, as discussed by USEPA at 45 Fed. Reg. 33109, May 19, 1980 and at 55 Fed. Reg. 22549, June 1, 1990.

- b) A solid waste that exhibits the characteristic of corrosivity has the EPA Hazardous Waste Number of D002.

Section 22.4(a) of the Environmental Protection Act provides that this matter is not subject to first notice or to second notice review by JCAR.

11) Difference(s) between proposal and final version:

There are three types of differences between the proposal and final version. The first is correction of a "base text error" ("BTE"), in which the pre-existing language shown in the proposal did not conform with the official language in the text on file with the Administrative Code Division. BTEs usually occur in text which is not otherwise subject to revision. Because they must be corrected without striking and underlining, BTEs are difficult to see in the text. They are of concern to persons who may have input the proposed text, and are now revising it to conform with the adopted text. Since the base text for part of the proposal was derived from the Environmental Protection Agency's base text used for its printed version of the rules, BTEs may also exist in other versions derived from that base text.

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

The second type of difference is an "error in the base text" ("EBT"), in which base text contained an error which was also present in the official text on file. EBTs usually occur in text which was not initially proposed for revision. EBT corrections, however, are shown with striking and underlining. Although most of these "errors" are revisions to conform with recent Code Division format requirements, some are revisions of incorrect language in the base text.

The third type of difference is a revision to the proposed language itself ("RPL"). These revisions are shown with a respect to the base text. Where the revision is within a block of text which was underlined in the proposal, the new language simply replaces the proposed language within the block, without any marking to show that it is new with respect to the proposal. These are therefore difficult to locate. Some RPLs represent substantive changes to the proposal. They are also of concern to persons who input the proposed text.

Section	Difference
725.191(b)(2)	EBT: "land treatment area, the waste management area"
725.191(b)(3)(C)	RPL: "as early as possible of any"

15) Summary and Purpose of Rule(s):

The Board adopted an Opinion and Order in this matter, R92-1, on September 17, 1992. A copy of the Opinion is available from the address below.

Section 22.4(a) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111 1/2. par. 1022.4(a)) requires the Board to adopt regulations which are "identical in substance" to regulations adopted by USEPA to implement Sections 3001 through 3005 of the Resource Conservation and Recovery Act. The USEPA regulations, which deal with hazardous waste, are found at 40 CFR 260 through 270. The equivalent Board regulations are in 35 Ill. Adm. Code 702, 703, 705 and 720 through 728.

The term "identical in substance" is defined in Section 7.2 of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111 1/2. par. 1007.2). Section 22.4(a) of the Act provides that Section 5 of the Administrative Procedure Act does not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JCAR.

This rulemaking updates the Board's hazardous waste regulations to correspond with USEPA amendments appearing in the Federal Register during the period July 1 through December 31, 1991.

Section	Discussion
725.191	Allows an alternate location for a hydraulically downgradient monitoring well where an existing physical obstacle prevents installation at the downgradient limit of the waste management area.
725.247	Makes minor corrections to the liability insurance requirement.

SUBPART F: GROUNDWATER MONITORING

Section 725.191	Groundwater Monitoring System
a)	A groundwater monitoring system must be capable of yielding groundwater samples for analysis and must consist of: <ol style="list-style-type: none"> Monitoring wells (at least one) installed hydraulically upgradient (i.e., in the direction of increasing static head) from the limit of the waste management area. Their number, locations

POLLUTION CONTROL BOARD

and depths must be sufficient to yield groundwater samples that are:

- A) Representative of background groundwater quality in the uppermost aquifer near the facility; and
- B) Not affected by the facility; and
- 2) Monitoring wells (at least three) installed hydraulically downgradient (i.e., in the direction of decreasing static head) at the limit of the waste management area. Their number, locations and depths must ensure that they immediately detect any statistically significant amounts of hazardous waste or hazardous waste constituents that migrate from the waste management area to the uppermost aquifer.

- b) Separate monitoring systems for each waste management component of a facility are not required provided that provisions for sampling upgradient and downgradient water quality will detect any discharge from the waste management area.

- 1) In the case of a facility consisting of only one surface impoundment, landfill or land treatment area, the waste management area is described by the waste boundary (perimeter).

- 2) In the case of a facility consisting of more than one surface impoundment, landfill or land treatment area, the waste management area is described by the imaginary boundary line which circumscribes the several waste management components.

- 3) The facility owner or operator may demonstrate that an alternate hydraulically downgradient monitoring well location will meet the criteria outlined below. The demonstration must be in writing and kept at the facility. The demonstration must be certified by a qualified groundwater scientist and establish that:

- A) An existing physical obstacle prevents monitoring well installation at the hydraulically downgradient limit of the waste management area; and

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

- B) The selected alternate downgradient location is as close to the limit of the waste management area as practical; and

- C) The alternate location ensures detection as early as possible of any statistically significant amounts of hazardous waste or hazardous waste constituents that migrate from the waste management area to the uppermost aquifer.

- D) Lateral expansion, new, or replacement units are not eligible for an alternate downgradient location under this subsection.

- c) All monitoring wells must be cased in a manner that maintains the integrity of the monitoring well bore hole. This casing must be screened or perforated and packed with gravel or sand where necessary to enable sample collection at depths where appropriate aquifer flow zones exist. The annular space (i.e., the space between the bore hole and well casing) above the sampling depth must be sealed with a suitable material (e.g., cement grout or bentonite slurry) to prevent contamination of samples and the groundwater.

This liability coverage may be demonstrated as specified in subsections (a)(1), (a)(2), (a)(3), (a)(4), (a)(5) and (a)(6) below:

- 1) An owner or operator may demonstrate the required

The wording of the endorsement must be as specified in 35 Ill. Adm. Code 724.251. The wording of the certificate of insurance must be as specified in 35 Ill. Adm. Code 724.251. The owner or operator shall submit a signed duplicate original of the endorsement or the certificate of insurance to the Agency. - B) Each insurance policy must be issued by an insurer which is licensed by the Illinois Department of Insurance.
- 2) An owner or operator may meet the requirements of this Section by passing a financial test or using the guarantee for liability coverage as specified in subsections (f) and (g) below.
- 3) An owner or operator may meet the requirements of this Section by obtaining a letter of credit for liability coverage as specified in subsection (h) below.
- 4) An owner or operator may meet the requirements of this Section by obtaining a surety bond for liability coverage as specified in subsection (i) below.
- 5) An owner or operator may meet the requirements of this Section by obtaining a trust fund for liability coverage as specified in subsection (j) below.
- 6) An owner or operator may demonstrate the required liability coverage through the use of combinations of insurance, financial test, guarantee, letter of credit, surety bond and trust fund, except that the owner or operator may not combine a financial test covering part of the liability coverage requirement with a guarantee unless the financial

statement of the owner or operator is not consolidated with the financial statement of the guarantor. The amounts of coverage demonstrated must total at least the minimum amounts required by this Section. If the owner or operator demonstrates the required coverage through the use of a combination of financial assurances under this subsection, the owner or operator shall specify at least one such assurance as "primary" coverage, and shall specify other such assurance as "excess" coverage.

- 7) An owner or operator shall notify the Agency within 30 days:
 - A) Whenever a claim for bodily injury or property damage caused by the operation of a hazardous waste treatment, storage or disposal facility is made against the owner or operator or an instrument providing financial assurance for liability coverage under this Section; or
 - B) Whenever the amount of financial assurance for liability coverage under this Section provided by a financial instrument authorized by subsections (a)(1) through (a)(6) above is reduced.
- Coverage for nonsudden accidental occurrences. An owner or operator of a surface impoundment, landfill or land treatment facility which is used to manage hazardous waste, or a group of such facilities, shall demonstrate financial responsibility for bodily injury and property damage to third parties caused by nonsudden accidental occurrences arising from operations of the facility or group of facilities. The owner or operator shall have and maintain liability coverage for nonsudden accidental occurrences in the amount of at least \$3 million per occurrence with an annual aggregate of at least \$6 million, exclusive of legal defense costs. An owner or operator meeting the requirements of this Section may combine the required per-occurrence coverage levels for sudden and nonsudden accidental occurrences into a single per-occurrence level, and combine the required annual aggregate coverage levels for sudden and nonsudden accidental occurrences into a single annual aggregate level. Owners or operators who combine coverage levels for

This liability coverage may be demonstrated as specified in subsections (b)(1), ~~(b)(2)~~, ~~(b)(3)~~, ~~(b)(4)~~, ~~(b)(5)~~ and ~~(b)(6)~~ below:

- 1) An owner or operator may demonstrate the required liability coverage by having liability insurance as specified in this paragraph.

If requested by the Agency, the owner or operator shall provide a signed duplicate original of the insurance policy.

B) Each insurance policy must be issued by an insurer which is licensed by the Illinois Department of Insurance.

- 2) An owner or operator may meet the requirements of this Section by passing a financial test or using the guarantor for liability coverage as specified in subsections (f) and (g) below.

3) An owner or operator may meet the requirements of this Section by obtaining a letter of credit for liability coverage as specified in subsection (h) below.

- 6) An owner or operator may demonstrate the required liability coverage through the use of combinations of insurance, financial test, guarantor, letter of credit, surety bond and trust fund, except that the owner or operator may not combine a financial test covering part of the liability coverage requirement with a guarantor unless the financial statement of the owner or operator is not consolidated with the financial statement of the guarantor. The amounts of coverage demonstrated must total at least the minimum amounts required by this Section. If the owner or operator demonstrates the required coverage through the use of a combination of financial assurances under this subsection, the owner or operator shall specify at least one such assurance as "primary" coverage, and shall specify other such assurance as "excess" coverage.

- 7) An owner or operator shall notify the Agency within 30 days:

A) Whenever a claim for bodily injury or property damage caused by the operation of a hazardous waste treatment, storage or disposal facility is made against the owner or operator or an instrument providing financial assurance for liability coverage under this Section; or

B) Whenever the amount of financial assurance for liability coverage under this Section provided by a financial instrument authorized by subsections (a)(1) through (a)(6) above is reduced.

c)

Request for adjusted level of required liability coverage. If an owner or operator demonstrates to the Agency that the levels of financial responsibility required by subsections (a) or (b) above are not consistent with the degree and duration of risk associated with treatment, storage or disposal at the facility or group of facilities, the owner or operator may obtain an adjusted level of required liability coverage from the Agency. The request for an adjusted level of required liability coverage must be submitted in writing to the Agency. If granted, the Agency's action shall take the form of an adjusted level of required liability coverage, such level to be based on

NOTICE OF ADOPTED AMENDMENTS

the Agency assessment of the degree and duration of the risk associated with the ownership or operation of the facility or group of facilities. The Agency may require an owner or operator who requests an adjusted level of required liability coverage to provide such technical and engineering information as is necessary to determine a level of financial responsibility other than that required by subsection (a) or (b) above. The Agency shall process any request for an adjusted level of required liability coverage as if it were a permit modification request under 35 Ill. Adm. Code 702.184(e)(3) 703.271(e)(3) and 705.128.

Notwithstanding any other provision, the Agency shall hold a public hearing whenever it finds, on the basis of requests, a significant degree of public interest in a tentative decision to grant an adjusted level of required liability insurance. The Agency may also hold a public hearing at its discretion whenever such a hearing might clarify one or more issues involved in the tentative decision.

- d) Adjustments by the Agency. If the Agency determines that the levels of financial responsibility required by subsection (a) or (b) above are not consistent with the degree and duration of risk associated with treatment, storage or disposal at the facility or group of facilities, the Agency shall adjust the level of financial responsibility required under subsection (a) or (b) above as may be necessary to protect human health and the environment. This adjusted level must be based on the Agency's assessment of the degree and duration of risk associated with the ownership or operation of the facility or group of facilities. In addition, if the Agency determines that there is a significant risk to human health and the environment from nonsudden accidental occurrences resulting from the operations of a facility that is not a surface impoundment, landfill or land treatment facility, the Agency may require that an owner or operator of the facility comply with subsection (b) above. An owner or operator shall furnish to the Agency, within a time specified by the Agency in the request, which shall not be less than 30 days, any information which the Agency requests to determine whether cause exists for such adjustments of level or type of coverage. The Agency shall process any request for an adjusted level of required liability coverage as if it were a permit modification request under 35 Ill. Adm. Code 702.184(e)(3) 703.271(e)(3) and 705.128.

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

Notwithstanding any other provision, the Agency shall hold a public hearing whenever it finds, on the basis of requests, a significant degree of public interest in a tentative decision to grant an adjusted level of required liability insurance. The Agency may also hold a public hearing at its discretion whenever such a hearing might clarify one or more issues involved in the tentative decision.

- e) Period of coverage. Within 60 days after receiving certifications from the owner or operator and an independent registered professional engineer that final closure has been completed in accordance with the approved closure plan, the Agency shall notify the owner or operator in writing that the owner or operator is no longer required by this Section to maintain liability coverage for that facility, unless the Agency determines that closure has not been in accordance with the approved closure plan.

f) Financial test for liability coverage.

- 1) An owner or operator may satisfy the requirements of this Section by demonstrating that the owner or operator passes a financial test as specified in this paragraph. To pass this test the owner or operator shall meet the criteria of subsection (f)(1)(A) or ~~(f)(1)(B)~~ below:

A) The owner or operator shall have:

- i) Net working capital and tangible net worth each at least six times the amount of liability coverage to be demonstrated by this test; and
- ii) Tangible net worth of at least \$10 million; and
- iii) Assets in the United States amounting to either: at least 90 percent of total assets; or at least six times the amount of liability coverage to be demonstrated by this test.

B) The owner or operator shall have:

- i) A current rating for the owner or operator's most recent bond issuance of

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

AAA, AA, A or BBB as issued by Standard and Poor's, or Aaa, Aa, A or Baa as issued by Moody's; and

- ii) Tangible net worth of at least \$10 million; and
- iii) Tangible net worth at least six times the amount of liability coverage to be demonstrated by this test; and
- iv) Assets in the United States amounting to either: at least 90 percent of total assets; or at least six times the amount of liability coverage to be demonstrated by this test.

2) The phrase "amount of liability coverage" as used in subsection (f)(1) above refers to the annual aggregate amounts for which coverage is required under subsections (a) and (b) above.

3) To demonstrate that the owner or operator meets this test, the owner or operator shall submit the following three items to the Agency:

A) A letter signed by the owner's or operator's chief financial officer and worded as specified in 35 Ill. Adm. Code 724.251. If an owner or operator is using the financial test to demonstrate both assurance for closure or post-closure care, as specified by 35 Ill. Adm. Code 724.243(f) and 724.245(f), and or by Sections 725.243(e) and 725.245(e), and liability coverage, it shall submit the letter specified in 35 Ill. Adm. Code 724.251 to cover both forms of financial responsibility; a separate letter as specified in 35 Ill. Adm. Code 724.251 is not required.

B) A copy of the independent certified public accountant's report on examination of the owner's or operator's financial statements for the latest completed fiscal year.

C) A special report from the owner's or operator's independent certified public accountant to the owner or operator stating

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

that:

- i) The accountant has compared the data which the letter from the chief financial officer specifies as having been derived from the independently audited, year-end financial statements for the latest fiscal year with the amounts in such financial statements; and
- ii) In connection with that procedure, no matters came to the accountant's attention which caused the accountant to believe that the specified data should be adjusted.

5) After the initial submission of items specified in subsection (f)(3) above, the owner or operator shall send updated information to the Agency within 90 days after the close of each succeeding fiscal year. This information must consist of all three items specified in subsection (f)(3) above.

6) If the owner or operator no longer meets the requirements of subsection (f)(1) above, the owner or operator shall obtain insurance for the entire amount of required liability coverage as specified in this Section. Evidence of insurance must be submitted to the Agency within 90 days after the end of the fiscal year for which the year-end financial data show that the owner or operator no longer meets the test requirements.

7) The Agency may disallow use of this test on the basis of qualifications in the opinion expressed by the independent certified public accountant in the accountant's report on examination of the owner's or operator's financial statements (see subsection (f)(3)(B) above). An adverse opinion or a disclaimer of opinion is cause for disallowance. The Agency shall evaluate other qualifications on an individual basis. The owner or operator shall provide evidence of insurance for the entire amount of required liability coverage as specified in this Section within 30 days after notification of disallowance.

g) Guarantee for liability coverage.

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

- 1) Subject to subsection (g) (2) below, an owner or operator may meet the requirements of this Section by obtaining a written guarantee, referred to as a "guarantee." The guarantor shall be the direct or higher-tier parent corporation of the owner or operator, a firm whose parent corporation is also the parent corporation of the owner or operator, or a firm with a "substantial business relationship" with the owner or operator. The guarantor shall meet the requirements for owners and operators in subsection (f) (1) through (f) (6) above. The wording of the guarantee must be as specified in 35 Ill. Adm. Code 724.251. A certified copy of the guarantee must accompany the items sent to the Agency as specified in subsection (f) (3) above. One of these items must be the letter from the guarantor's chief financial officer. If the guarantor's parent corporation is also the parent corporation of the owner or operator, this letter must describe the value received in consideration of the guarantee. If the guarantor is a firm with a "substantial business relationship" with the owner or operator, this letter must describe this "substantial business relationship" and the value received in consideration of the guarantee. The terms of the guarantee must provide that:

- A) If the owner or operator fails to satisfy a judgment based on a determination of liability for bodily injury or property damage to third parties caused by sudden or nonsudden accidental occurrences (or both as the case may be), arising from the operation of facilities covered by this guarantee, or fails to pay an amount agreed to in settlement of claims arising from or alleged to arise from such injury or damage, the guarantor will do so up to the limits of coverage.

- B) The guarantee remains in force unless the guarantor sends notice of cancellation by certified mail to the owner or operator and to the Agency. The guarantee must not be terminated unless and until the Agency approves alternate liability coverage complying with Section 725.247 or 35 Ill. Adm. Code 724.247.

- 2) The guarantor shall execute the guarantee in Illinois. The guarantee shall be accompanied by a letter signed by the guarantor which states that:
 - A) The guarantee was signed in Illinois by an authorized agent of the guarantor;
 - B) The guarantee is governed by Illinois law; and
 - C) The name and address of the guarantor's registered agent for service of process.
- 3) The guarantor shall have a registered agent pursuant to Section 5.05 of the Business Corporation Act of 1983 (Ill. Rev. Stat. 19871991, ch. 32, par. 5.05) or Section 105.05 of the General Not-for-Profit Corporation Act of 1986 (Ill. Rev. Stat. 19871991, ch. 32, par. 105.05).
- h) Letter of credit for liability coverage.
 - 1) An owner or operator may satisfy the requirements of this Section by obtaining an irrevocable standby letter of credit which conforms to the requirements of this subsection, and submitting a copy of the letter of credit to the Agency.
 - 2) The financial institution issuing the letter of credit shall be an entity which has the authority to issue letters of credit and whose letter of credit operations are regulated and examined by the Illinois Commissioner of Banks and Trust Companies.
 - 3) The wording of the letter of credit must be as specified in 35 Ill. Adm. Code 724.251.
- i) Surety bond for liability coverage.
 - 1) An owner or operator may satisfy the requirements of this Section by obtaining a surety bond which conforms to the requirements of this subsection and submitting a copy of the bond to the Agency.
 - 2) The surety company issuing the bond shall be licensed by the Illinois Department of Insurance.
 - 3) The wording of the surety bond must be as

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

specified in 35 Ill. Adm. Code 724.251.

j) Trust fund for liability coverage.

1) An owner or operator may satisfy the requirements of this Section by establishing a trust fund which conforms to the requirements of this subsection and submitting a signed, duplicate original of the trust agreement to the Agency.

2) The trustee shall be an entity which has the authority to act as a trustee and whose trust operations are regulated and examined by the Illinois Commissioner of Banks and Trust Companies, or who complies with the Corporate Fiduciary Act. (Ill. Rev. Stat. 1987-1991, ch. 17, par. 1551-1 et seq.)

3) The trust fund for liability coverage must be funded for the full amount of the liability coverage to be provided by the trust fund before it may be relied upon to satisfy the requirements of this Section. If at any time after the trust fund is created the amount of funds in the trust fund is reduced below the full amount of liability coverage to be provided, the owner or operator, by the anniversary of the date of establishment of the fund, shall either add sufficient funds to the trust fund to cause its value to equal the full amount of liability coverage to be provided, or obtain other financial assurance as specified in this Section to cover the difference. For purposes of this subsection, "the full amount of the liability coverage to be provided" means the amount of coverage for sudden and nonsudden accidental occurrences required to be provided by the owner or operator by this Section, less the amount of financial assurance for liability coverage which is being provided by other financial assurance mechanisms being used to demonstrate financial assurance by the owner or operator.

4) The wording of the trust fund must be as specified in 35 Ill. Adm. Code 724.251.

5) Effective Date of Amendments: November 6, 1992

6) Does this rulemaking contain an automatic repeal date?: No.

7) Does this amendment contain incorporations by reference?

Yes. Sections 722.153 and 722.156 incorporate rules and regulations of agencies of the United States. Section 22.4(a) of the Environmental Protection Act provides that this matter is not subject to first notice or to second notice review by JCAR.

8) Date Filed in Agency's Principal Office: September 17, 1992

9) Notice(s) of Proposal Published in Illinois Register: June 19, 1992; 16 Ill. Reg. 9358

10) Has JCAR issued a Statement of Objections to this (these) Rule(s)?

Section 22.4(a) of the Environmental Protection Act provides that this matter is not subject to first notice or to second notice review by JCAR.

11) Difference(s) between proposal and final version:

There are three types of differences between the proposal and final version. The first is correction of a "base text error" ("BTE"), in which the pre-existing language shown in the proposal did not conform with the official language in the text on file with the Administrative Code Division. BTEs usually occur in text which is not otherwise subject to revision. Because they must be corrected without striking and underlining, BTEs are difficult to see in the text. They are of concern to persons who may have input the proposed text, and are now revising it to conform with the

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

adopted text. Since the base text for part of the proposal was derived from the Environmental Protection Agency's base text used for its printed version of the rules, BTEs may also exist in other versions derived from that base text.

The second type of difference is an "error in the base text" ("EBT"), in which base text contained an error which was also present in the official text on file. EBTs usually occur in text which was not initially proposed for revision. EBT corrections, however, are shown with striking and underlining. Although most of these "errors" are revisions to conform with recent Code Division format requirements, some are revisions of incorrect language in the base text.

The third type of difference is a revision to the proposed language itself ("RPL"). These revisions are shown with respect to the base text. Where the revision is within a block of text which was underlined in the proposal, the new language simply replaces the proposed language within the block, without any marking to show that it is new with respect to the proposal. These are therefore difficult to locate. Some RPLs represent substantive changes to the proposal. They are also of concern to persons who input the proposed text.

SectionDifference

EBT: "above" added after subsection reference.

- 12) Have all the changes agreed upon by the Agency and JCAR been made as indicated in the agreement letter issued by JCAR?

Section 22.4(a) of the Environmental Protection Act provides that this matter is not subject to first notice or to second notice review by JCAR.

- 13) Will this rule (amendments, repealer) replace an emergency rule currently in effect? No.

- 14) Are there any amendments pending on this Part? No.

- 15) Summary and Purpose of Rule(s):

The Board adopted an Opinion and Order in this matter, R92-1, on September 17, 1992. A copy of the Opinion is available from the address below.

Section 22.4(a) of the Environmental Protection Act (Ill.

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

Rev. Stat. 1991, ch. 111 1/2. par. 1022.4(a)) requires the Board to adopt regulations which are "identical in substance" to regulations adopted by USEPA to implement Sections 3001 through 3005 of the Resource Conservation and Recovery Act. The USEPA regulations, which deal with hazardous waste, are found at 40 CFR 260 through 270. The equivalent Board regulations are in 35 Ill. Adm. Code 702, 703, 705 and 720 through 728.

The term "identical in substance" is defined in Section 7.2 of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111 1/2. par. 1007.2). Section 22.4(a) of the Act provides that Section 5 of the Administrative Procedure Act does not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JCAR.

This rulemaking updates the Board's hazardous waste regulations to correspond with USEPA amendments appearing in the Federal Register during the period July 1 through December 31, 1991. The amendments update references to USEPA rules governing exports of hazardous waste.

- 11) Difference(s) between proposal and final version:

There are three types of differences between the proposal and final version. The first is correction of a "base text error" ("BTE"), in which the pre-existing language shown in the proposal did not conform with the official language in the text on file with the Administrative Code Division. BTEs usually occur in text which is not otherwise subject to revision. Because they must be corrected without striking and underlining, BTEs are difficult to see in the text. They are of concern to persons who may have input the proposed text, and are now revising it to conform with the adopted text. Since the base text for part of the proposal was derived from the Environmental Protection Agency's base text used for its printed version of the rules, BTEs may also exist in other versions derived from that base text.

The second type of difference is an "error in the base text" ("EBT"), in which base text contained an error which was

NOTICE OF ADOPTED AMENDMENTS

also present in the official text on file. EBTs usually occur in text which was not initially proposed for revision. EBT corrections, however, are shown with striking and underlining. Although most of these "errors" are revisions to conform with recent Code Division format requirements, some are revisions of incorrect language in the base text.

The third type of difference is a revision to the proposed language itself ("RPL"). These revisions are shown with respect to the base text. Where the revision is within a block of text which was underlined in the proposal, the new language simply replaces the proposed language within the block, without any marking to show that it is new with respect to the proposal. These are therefore difficult to locate. Some RPLs represent substantive changes to the proposal. They are also of concern to persons who input the proposed text.

15) Summary and Purpose of Rule(s):

The Board adopted an Opinion and Order in this matter, R92-1, on September 17, 1992. A copy of the Opinion is available from the address below.

Section 22.4(a) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111 1/2. par. 1022.4(a)) requires the Board to adopt regulations which are "identical in substance" to regulations adopted by USEPA to implement Sections 3001 through 3005 of the Resource Conservation and Recovery Act. The USEPA regulations, which deal with hazardous waste, are found at 40 CFR 260 through 270. The equivalent Board regulations are in 35 Ill. Adm. Code 702, 703, 705 and 720 through 728.

The term "identical in substance" is defined in Section 7.2 of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111 1/2. par. 1007.2). Section 22.4(a) of the Act provides that Section 5 of the Administrative Procedure Act does not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JCAR.

This rulemaking updates the Board's hazardous waste regulations to correspond with USEPA amendments appearing in the Federal Register during the period July 1 through December 31, 1991. The amendment makes minor technical corrections to the liability insurance requirement in Section 724.247.

The request for an adjusted level of required liability coverage must be submitted to the Agency as part of the application under 35 Ill. Adm. Code 703.182 for a facility that does not have a permit, or pursuant to the procedures for permit modification under 35 Ill. Adm. Code 705.128 for a facility that has a permit. If granted, the modification will take the form of an adjusted level of required liability coverage, such level to be based on the Agency assessment of the degree and duration of the risk associated with the ownership or operation of the facility or group of facilities. The Agency may require an owner or operator who requests an adjusted level of required liability coverage to provide such technical and engineering information as is necessary to determine a level of financial responsibility other than that required by subsection (a) or (b) above. Any request for an adjusted level of required liability coverage for a permitted facility will be treated as a request for a permit modification under 35 Ill. Adm.

- d) Adjustments by the Agency. If the Agency determines that the levels of financial responsibility required by subsection (a) or (b) above are not consistent with the degree and duration of risk associated with treatment, storage or disposal at the facility or group of facilities, the Agency shall adjust the level of financial responsibility required under subsection (a) or (b) above as may be necessary to protect human health and the environment. This adjusted level must be based on the Agency's assessment of the degree and duration of risk associated with the ownership or operation of the facility or group of facilities. In addition, if the Agency determines that there is a significant risk to human health and the environment from nonsudden accidental occurrences resulting from the operations of a facility that is not a surface impoundment, landfill or land treatment facility, the Agency may require that an owner or operator of the facility comply with subsection (b) above. An owner or operator shall furnish to the Agency, within a time specified by the Agency in the request, which must be not be less than 30 days, any information which the Agency requests to determine whether cause exists for such adjustments of level or type of coverage. Any adjustment of the level or type of coverage for a facility that has a permit will be treated as a permit modification under 35 Ill. Adm. Code 702-184(e)(3) 703.271(e)(3) and 705.128.

- e) Period of coverage. Within 60 days after receiving certifications from the owner or operator and an independent registered professional engineer that final closure has been completed in accordance with the approved closure plan, the Agency shall notify the owner or operator in writing that the owner or operator is no longer required by this Section to maintain liability coverage for that facility, unless the Agency determines that closure has not been in accordance with the approved closure plan.

- f) Financial test for liability coverage.

- 1) An owner or operator may satisfy the requirements of this Section by demonstrating that it passes a financial test as specified in this paragraph. To pass this test the owner or operator shall meet the criteria of subsection (f)(1)(A) or (f)(1)(B)

below:

- A) The owner or operator shall have:
- i) Net working capital and tangible net worth each at least six times the amount of liability coverage to be demonstrated by this test; and

- B) The owner or operator shall have:
- i) A current rating for its most recent bond issuance of AAA, AA, A or BBB as issued by Standard and Poor's, or Aaa, Aa, A or Baa as issued by Moody's; and

 - iii) Tangible net worth at least six times the amount of liability coverage to be demonstrated by this test; and
 - iv) Assets in the United States amounting to either: at least 90 percent of the total assets; or at least six times the amount of liability coverage to be demonstrated by this test.
- 2) The phrase "amount of liability coverage" as used in subsection (f)(1) above refers to the annual aggregate amounts for which coverage is required under subsections (a) and (b) above.
- 3) To demonstrate that it meets this test, the owner or operator shall submit the following three items to the Agency:
- A) A letter signed by the owner's or operator's chief financial officer and worded as

specified in Section 724.251. Code 725.243(e) and 725.245(e), and liability coverage, it shall submit the letter specified in Section 724.251 to cover both forms of financial responsibility; a separate letter as specified in Section 724.251 is not required.

B) A copy of the independent certified public accountant's report on examination of the owner's or operator's financial statements for the latest completed fiscal year.

C) A special report from the owner's or operator's independent certified public accountant to the owner or operator stating that:

i) The accountant has compared the data which the letter from the chief financial officer specifies as having been derived from the independently audited, year-end financial statements for the latest fiscal year with the amounts in such financial statements; and

ii) In connection with that procedure, no matters came to the accountant's attention which caused the accountant to believe that the specified data should be adjusted.

4) An owner or operator of a new facility shall submit the items specified in subsection (f) (3) above to the Agency at least 60 days before the date on which hazardous waste is first received for treatment, storage or disposal.

5) After the initial submission of items specified in subsection (f) (3) above, the owner or operator shall send updated information to the Agency within 90 days after the close of each succeeding fiscal year. This information must consist of all three items specified in subsection (f) (3) above.

6) If the owner or operator no longer meets the requirements of subsection (f) (1) above, the owner or operator shall obtain insurance for the entire amount of required liability coverage as specified in this Section. Evidence of insurance must be submitted to the Agency within 90 days after the end of the fiscal year for which the year-end financial data show that the owner or operator no longer meets the test requirements.

7) The Agency may disallow use of this test on the basis of qualifications in the opinion expressed by the independent certified public accountant in the accountant's report on examination of the owner's or operator's financial statements (see subsection (f) (3) (B) above). An adverse opinion or a disclaimer of opinion will be cause for disallowance. The Agency shall evaluate other qualifications on an individual basis. The owner or operator shall provide evidence of insurance for the entire amount of required liability coverage as specified in this Section within 30 days after notification of disallowance.

g) Guarantee for liability coverage.

1) Subject to subsection (g) (2) below, an owner or operator may meet the requirements of this Section by obtaining a written guarantee, referred to as a "guarantee." The guarantor shall be the direct or higher-tier parent corporation of the owner or operator, a firm whose parent corporation is also the parent corporation of the owner or operator, or a firm with a "substantial business relationship" with the owner or operator. The guarantor shall meet the requirements for owners and operators in subsections (f) (1) through (f) (6) above. The wording of the guarantee must be as specified in Section 724.251. A certified copy of the guarantee must accompany the items sent to the Agency as specified in subsection (f) (3) above. One of these items must be the letter from the guarantor's chief financial officer. If the guarantor's parent corporation is also the parent corporation of the owner or operator, this letter must describe the value received in consideration of the guarantee. If the guarantor is a firm with a "substantial business relationship" with the owner or operator, this letter must describe this

"substantial business relationship" and the value received in consideration of the guarantee. The terms of the guarantee must provide that:

- A) If the owner or operator fails to satisfy a judgment based on a determination of liability for bodily injury or property damage to third parties caused by sudden or nonsudden accidental occurrences (or both as the case may be), arising from the operation of facilities covered by this guarantee, or fails to pay an amount agreed to in settlement of claims arising from or alleged to arise from such injury or damage, the guarantor will do so up to the limits of coverage.
- B) The guarantee will remain in force unless the guarantor sends notice of cancellation by certified mail to the owner or operator and to the Agency. The guarantee must not be terminated unless and until the Agency approves alternate liability coverage complying with Section 724.247 or 35 Ill. Adm. Code 725.247.

fund is created the amount of funds in the trust fund is reduced below the full amount of liability coverage to be provided, the owner or operator, by the anniversary of the date of establishment of the fund, shall either add sufficient funds to the trust fund to cause its value to equal the full amount of liability coverage to be provided, or obtain other financial assurance as specified in this Section to cover the difference. For purposes of this subsection, "the full amount of the liability coverage to be provided" means the amount of coverage for sudden and nonsudden accidental occurrences required to be provided by the owner or operator by this Section, less the amount of financial assurance for liability coverage which is being provided by other financial assurance mechanisms being used to demonstrate financial assurance by the owner or operator.

These payments supplement grants when the grant amount for the month has been determined by retrospective budgeting and the source of income budgeted has since ceased or been substantially reduced. These supplemental payments are not federally matched nor are they federally mandated. The elimination of Transitional Payments is expected to reduce Department expenditures in Fiscal Year 1993 by approximately \$3.9 million.

A limitation on the amount of AABD and Interim Assistance that applicants from other states are eligible to receive during the first twelve months of Illinois residency is being imposed due to budgetary constraints. Public Act 87-860 (Senate Bill 1783) specifically allows the Department to use emergency rulemaking to implement these changes.

- 9) **Complete Description of the Subjects and Issues Involved:** These proposed amendments, which are being adopted on an emergency basis effective November 13, 1992, limit payments to AABD and Interim Assistance applicants who have emigrated to Illinois from other states. If an applicant has moved to Illinois from another state and received financial assistance from that state under a program that is equivalent to the AABD State Supplemental Payment, Interim Assistance or General Assistance programs during any of the twelve months immediately preceding the date the applicant's current Illinois residency began, the applicant is eligible to receive assistance in an amount no greater than the amount of comparable assistance received from the other state for the first twelve months of residency in Illinois.

- 7) Date Filed in Agency's Principal Office: November 13, 1992
- 8) Reason for Emergency: This rulemaking is necessary to limit payments to the level of the prior state of residence if lower than Illinois, for General Assistance applicants who have emigrated to Illinois within the last twelve months. A limitation on the amount of General Assistance that applicants from other states are eligible to receive during the first twelve months of Illinois residency is being imposed due to budgetary constraints. Public Act 87-860 (Senate Bill 1783) specifically allows the Department to use emergency rulemaking to implement these changes.
- 9) Complete Description of the Subjects and Issues Involved: These proposed amendments, which are being adopted on an emergency basis effective November 13, 1992, limit payments to General Assistance applicants who have emigrated to Illinois from other states. If an applicant has moved to Illinois from another state and received financial assistance from that state under a program that is equivalent to the General Assistance program during any of the twelve months immediately preceding the date the applicant's current Illinois residency began, the applicant is eligible to receive assistance in an amount no greater than the amount of comparable assistance received from the other state for the first twelve months of residency in Illinois.

9) A Complete Description of the Subjects and Issues Involved:

Through this emergency rulemaking, the Illinois Department of Public Health amends various sections of the Illinois Formulary for the Drug Product Selection Program. Several new generic entities have also been concurrently included. These changes have been recommended by the Technical Advisory Council for the Drug Product Selection Program and have been published in the Thirteenth Edition, Second Supplement of the Illinois Formulary.

This rulemaking will allow consumers and third party fiscal intermediaries (including the Department of Public Aid) to save money when purchasing or reimbursing prescription drug products. Drug purchases made by the Department of Corrections and the Department of Mental Health and Developmental Disabilities may also experience some savings. Pharmacies may have increased sales of generic drug products as approved in the Illinois Formulary.
